# Vincent Edward Lin

330 De Neve Drive DEN-B406 Los Angeles, CA 90024
(+1) 4242909064 · vinlin24@outlook.com · https://github.com/vinlin24

Hobbyist coder that loves automating things and making silly programs. A little late to the CS party†, but eager to catch up. Looking for programming positions to gain real-world software engineering experience.

## EDUCATION

**University of California, Los Angeles; Los Angeles, CA** **Oct. 2020 - present**

- **Program:** Biochemistry BS, Specializing in Computing, switching to Computer Science†
- **Degree expected:** June 2024 (current 3rd year)
- **Current GPA:** 3.976
- **Coursework:** Computer Science (theory and C++); Computer Systems (C and x86-64), Digital Systems, Programming (Python), Multivariable Calculus, Linear Algebra, Differential Equations, Discrete Structures

## PROJECTS

**Private Discord bot** https://github.com/vinlin24/tacobot-public

| Stack | Description | Skills Learned |
|---|---|---|
| Python, discord.py, Heroku, AWS S3 | Music player, server moderation tool, math/chem help tool, etc. for my friends' server. Currently developing an upgrade, also viewable in the public repo tacocat. | • Using APIs and their documentation<br>• Managing development & production versions<br>• Asynchronous programming |

**Mudae auto-roller** https://github.com/vinlin24/waifu-roller

| Stack | Description | Skills Learned |
|---|---|---|
| Python, argparse, PyAutoGUI | Silly project to automate rolling for "waifus" on the Discord bot Mudae from the command line. Installable and configurable. | • CLI design<br>• Building/distributing packages<br>• Open-source practices |

**Natural selection simulator** https://github.com/vinlin24/natural-selection-sim

| Stack | Description | Skills Learned |
|---|---|---|
| Java, AWT | Final project for my AP CSA class. Simulates how creature "stats" affect their survivability. | • OOP, practices, and patterns<br>• Math in programming |

Among many scripts from silly web scraping to practical PowerShell automation. Check out my GitHub for more!

## SKILLS

| | |
|---|---|
| **Languages** | Ranked in order: Proficient in Python. Familiar with PowerShell and JavaScript. Learning HTML/CSS and SQLite. Prior exposure to C/C++ and Java. |
| **Software** | Visual Studio Code, Git, GitHub, MS Office (Word, PowerPoint, Excel). |
| **Frameworks** | discord.py for Discord bots. Selenium for web scraping. Learning Flask for web development. |
| **Learning** | Mostly self-taught. Loves coding and often reads up on tips, tricks, and best practices. |
| **Interpersonal** | Always available for contact and a fast replier. Willing to help and teach or be taught. |
| **Linguistic** | Native English speaker. Understands conversation-level Mandarin and basic Spanish. |
