Vincent Edward Lin

330 De Neve Drive DEN-B406 Los Angeles, CA 90024
(+1) 4242909064 · vinlin24@outlook.com · https://github.com/vinlin24

Hobbyist coder that loves automating things and making silly programs. A little late to the CS party†, but eager to catch up. Looking for programming positions to gain real-world software engineering experience.

EDUCATION

University of California, Los Angeles; Los Angeles, CA **Oct. 2020 - present**

- **Program:** Biochemistry BS, Specializing in Computing, switching to Computer Science†
- **Degree expected:** June 2024 (current 3rd year)
- **Current GPA:** 3.976
- **Coursework:** Computer Science (theory and C++); Computer Systems (C and x86-64), Digital Systems, Programming (Python), Multivariable Calculus, Linear Algebra, Differential Equations, Discrete Structures

PROJECTS

Private Discord bot https://github.com/vinlin24/tacobot-public

Stack	Description	Skills Learned
Python, discord.py, Heroku, AWS S3	Music player, server moderation tool, math/chem help tool, etc. for my friends' server. Currently developing an upgrade, also viewable in the public repo tacocat.	• Using APIs and their documentation • Managing development & production versions • Asynchronous programming

Mudae auto-roller https://github.com/vinlin24/waifu-roller

Stack	Description	Skills Learned
Python, argparse, PyAutoGUI	Silly project to automate rolling for "waifus" on the Discord bot Mudae from the command line. Installable and configurable.	• CLI design • Building/distributing packages • Open-source practices

Natural selection simulator https://github.com/vinlin24/natural-selection-sim

Stack	Description	Skills Learned
Java, AWT	Final project for my AP CSA class. Simulates how creature "stats" affect their survivability.	• OOP, practices, and patterns • Math in programming

Among many scripts from silly web scraping to practical PowerShell automation. Check out my GitHub for more!

SKILLS

Languages	Ranked in order: Proficient in Python. Familiar with PowerShell and JavaScript. Learning HTML/CSS and SQLite. Prior exposure to C/C++ and Java.
Software	Visual Studio Code, Git, GitHub, MS Office (Word, PowerPoint, Excel).
Frameworks	discord.py for Discord bots. Selenium for web scraping. Learning Flask for web development.
Learning	Mostly self-taught. Loves coding and often reads up on tips, tricks, and best practices.
Interpersonal	Always available for contact and a fast replier. Willing to help and teach or be taught.
Linguistic	Native English speaker. Understands conversation-level Mandarin and basic Spanish.
